Take control of your total health with the right dental and vision coverage

The mouth and eyes are important parts of your body and your health. They can show early warning signs of disease — so regular dental and vision checkups help you stay healthy. That’s why taking care of your total health requires not just medical coverage, but also dental and vision plans.

- You’ve probably heard before that dental health is an important part of overall health. In fact, 90% of the body’s diseases first show signs and symptoms in the mouth.*
- Routine eye checkups are about more than making sure you can see clearly. They’re important to health, safety and learning. Even if you think you have 20/20 vision, it’s key that you’re checked regularly — at every age.
- Eye exams can detect major health problems like diabetes, high blood pressure and heart disease.** Some eye diseases have no warning signs. So people may not even know their vision is at risk.***

Getting the dental and vision plans you need

Off-exchange, standalone coverage from Anthem Blue Cross (Anthem) can help you get the dental and vision care you need for your total health. Many of our dental plans cover you 100% for exams, cleanings and X-rays. All of our vision plans cover you for yearly eye exams.

All-in-one or separate plans?

You can buy a medical plan that includes dental and vision benefits — or you can buy separate plans. You may want to think about buying your dental and vision separate from your medical plan. Separate plans usually offer more choices and may have more benefits to meet your needs. The main differences are in how you apply for coverage and how you are billed.

Anthem dental plans

We offer a variety of individual and family dental plan options to fit your needs and budget. These plans include:

- Dental Prime for Individuals and Families
- Anthem Dental Blue
- Dental Select HMO

Anthem has one of the largest dental preferred provider organization (PPO) networks in the country. Plus, we work with in-network dentists to get deep discounts for you. By seeing an in-network dentist, you can save an average of 25% to 32% on covered dental services.

Tools that put a smile on your face

We offer some great online tools to help you better understand your dental health. Once you’re a member, log in to anthem.com/ca to access:

- **Ask a Hygienist**
  Email questions to licensed dental professionals and get quick, private, personalized advice at no extra cost.

- **Dental Cost Estimator**
  Help estimate your costs for dental procedures and services in the ZIP code where you get care.

- **Dental Health Assessment**
  Get feedback based on your responses to a few questions to help you keep a healthy smile.
Blue View Vision plan

Our Blue View Vision℠ plan is available to purchase with any Anthem medical and/or dental plan. With Blue View Vision, you can choose from more than 33,000 eye doctors at over 26,000 locations.¹ So you can get your eye care and eyewear just about anywhere. You can call or go online at 1-800 CONTACTS®, visit a participating private practice eye doctor, or go in-store to LensCrafters®, Sears Optical℠, Target Optical® and JCPenney® Optical.

You’ll enjoy the convenience of having just one ID card when you purchase your medical, dental and/or vision plans with Anthem. You’ll also get just one combined bill for all your Anthem plans.

How does health care reform affect dental and vision coverage?

Health care reform, officially known as the Affordable Care Act (ACA), requires that all Americans have a minimum amount of health insurance. This includes a list of 10 essential health benefits that must be covered by health insurance carriers. One of these is pediatric services, including dental and vision coverage.

Here’s how the ACA relates to dental and vision coverage for children:

Dental

In some states, pediatric dental benefits are required to be included in ACA-compliant medical plans sold off the Marketplace (also known as the exchange). In other states, these benefits can be offered in medical plans off the Marketplace or can be provided through a separate stand-alone policy that is sold with the medical plan.

Vision

Pediatric vision coverage will be included with all ACA-compliant medical plans offered on and off the Marketplace.

Pediatric dental essential health benefits

Pediatric dental coverage is included in nearly all of our individual medical plans as of January 2014.

You have two options for buying pediatric dental essential health benefits:

- A medical plan that has pediatric dental essential health benefits coverage
- A stand-alone dental plan that includes pediatric dental essential health benefits coverage.

Pediatric vision essential health benefits

These benefits provide exams and vision materials (lenses and frames) for children.

Our plans use Blue View Vision℠ providers, which include retailers such as 1-800 CONTACTS®, LensCrafters®, Sears Optical℠, Target Optical® and JCPenney® Optical. With these plans:

- Covered children can choose from a selection of frames and contact lenses.
- Glasses with Transitions® lenses (to protect eyes from UV rays) and polycarbonate lenses with scratch coating (to protect lenses from damage) are available at no extra charge.

Should I buy “on the Marketplace” or “off the Marketplace”?

Covered California (the name of your state’s Marketplace) was created as part of the ACA. This is the online marketplace where you can purchase medical coverage.

If you’re eligible for financial assistance to help pay for your medical coverage...and want to use it, you must get your medical plan through Covered California.

To learn more, visit your state’s exchange website at coveredca.com.

If you’re not eligible for financial assistance, and you are shopping around for a dental or vision plan... you don’t have to buy plans on Covered California. You can still buy coverage as you have in the past, through a broker or agent or directly from an insurance company.

Because there are rules for on the exchange, you may find that plans not on the exchange offer you more choices.
**Dental Prime for Individuals and Families**

Our Dental Prime plans cover routine care (like exams, cleanings and X-rays) with no waiting periods, so you can use those benefits right away. Because there are three plan options, you can choose a plan that fits your needs and budget.

**Dental Select HMO counties**

The Dental Select HMO plan’s current service area includes the following counties and parts of counties: Alameda, Contra Costa, El Dorado except for Placerville and Lake Tahoe, Fresno, Kern except for Delano, Mojave, Taft, and Tehachapi, Kings except for Hanford, Los Angeles, Marin, Monterey except for Salinas, Orange, Placer except for Lake Tahoe, Riverside except for Banning/Beaumont, Blythe, Twenty-Nine Palms and vicinity and Yuca Valley, Sacramento, San Bernardino, San Diego, San Francisco, San Joaquin, San Luis Obispo, San Mateo, Santa Barbara, Santa Clara, Santa Cruz except for Santa Cruz, Solano, Sonoma, Tulare except for Visalia, Ventura except for Santa Paula/Fillmore.

1. With our Dental Blue PPO Basic and Dental Blue PPO Enhanced Plans, the deductible is waived for diagnostic and preventive services received in our network.
2. The six-month waiting period for basic services applies only on fillings where there is no member copay.
3. If $1,000 lifetime maximum for orthodontics ($500 per year).

**Savings beyond your plan benefits**

With our dental plans, you get more for your money. For example, you can still pay our negotiated (lower) rates for covered services from in-network dentists during waiting periods, when you’ve gone over your yearly limit or when you’ve used up your benefits. In other words, if a plan covers two cleanings each year and you go for a third, you still pay our negotiated rate for that third cleaning. To find a dentist near you, go to anthem.com/ca/findadoctor.
Blue View Vision coverage available

You can add Blue View Vision™ benefits to your dental plan. These plans feature:

- **A broad, convenient group of national providers** — Blue View Vision providers include more than 33,000 private practice doctors at over 26,000 locations.¹ This includes online choices through 1-800 CONTACTS® in addition to the nation’s leading retail stores like LensCrafters®, Sears Optical℠, Target Optical® and JCPenney® Optical. These stores offer evening and weekend hours.

- **A complete picture of your health between your eye doctor and your primary care doctor.** When you have a medical plan with us, every time you get care through our network, it becomes part of your health history. With Blue View Vision, your network eye doctor can access your health history information — including patient summaries, diagnoses, lab results and prescriptions. They can also securely share relevant eye health information back to your primary care doctor, while protecting your personal information. This approach helps all of your doctors in the network gain a better understanding of your whole health — leading to better, more holistic care.

- “**Add-ons** at no extra charge” — Factory scratch coating on eyeglass lenses is included at no extra cost. Transitions® and polycarbonate lenses for children younger than 19 can be added at no extra cost.

- **Discounts for other “add-ons.”** Includes Transitions lenses for adults at a fixed price, as well as tiered pricing for premium progressive lenses and premium anti-reflective coatings. This cuts down on your out-of-pocket costs.

- **Value-added savings** — You can get even more savings, including 15% to 40% off on unlimited purchases of most extra pairs of eyewear, conventional contact lenses, lens treatments, specialized lenses and various accessories — even after you’ve used all of your covered benefits.

Save time and money with smart provider choices

While all PPO plans allow you to see any doctor, you can save money by choosing an in-network doctor.

You may pay more for care if you choose an out-of-network doctor. Here’s why:

- In-network doctors have agreed, by contract, to special payment rates for services and cannot charge you more than these negotiated rates. If you have coinsurance or a deductible, you pay those amounts.
- Out-of-network doctors don’t have a contract with us. They can charge you the difference between the total amount we allow to be paid for a service and the amount they normally charge for a service (plus your coinsurance or deductible). That means higher costs for you.
