

Depending on the health plan you have with us, you may need to fill maintenance drugs through home delivery or a Smart 90[®] pharmacy.¹ Maintenance drugs are medicines used for long-term health conditions like asthma, heartburn, high blood pressure, allergies and high cholesterol.

Find out what's covered by your plan at anthem.com.

When you're on our site, choose **Manage your prescriptions** on the homepage and then log in with your user name and password. After you log in, you'll be taken to the pharmacy home page, where you can:

- Choose **Price a Medication** where you can find out if a drug is covered by your plan and how much you'll pay for it at a retail pharmacy or through home delivery.
- Choose **Locate a Pharmacy**, which will take you to the tool to search for a Smart 90 pharmacy near you.

Want to get started with home delivery?

To sign up, fill out the home delivery order form. Be sure your doctor includes your prescription for a 90-day supply of your medicine and your copay information, and mails it to the address on the form. You can also switch prescriptions you now get filled at your pharmacy to home delivery online. On the pharmacy home page, just choose **Switch to Home Delivery** to see your prescriptions and get started.

If you want to use our Home Delivery Pharmacy and are enrolled in a program that helps you with your copay, or if you use manufacturer coupons to help pay for prescriptions, you'll need to give the program or manufacturer detailed claim information and a receipt to get paid back. The company that manages our prescription benefits can't bill us or these third parties for prescriptions you fill through home delivery.
