

# Preventive medications at no cost to you

Preventive care can help keep you healthy and may even save your life. Getting routine health exams and screenings can help catch problems early, when they're easier to treat. And getting the right preventive care services can help you manage your health conditions and stay healthy.

Under the Affordable Care Act (ACA), pharmacy benefit plans must cover certain categories of preventive care drugs and products at 100%.<sup>1</sup> That means you don't have to pay a share of the cost — no copay, deductible or percentage of the cost (coinsurance).

## How do I get these drugs at no cost?

Talk with your doctor about choosing the medication or product that's right for you. To get these preventive drugs, including over-the-counter (OTC) drugs or products:

- They must be right for your age and condition.
- You'll need to get a prescription from your doctor (even for OTC products).
- Use your Anthem member ID card to fill the prescription at a pharmacy in your plan.

Remember, only you and your doctor can decide on the medications you need and what's best for your health.

If you have questions, call us at the Member Services number on your member ID card.

## Preventive drugs and products, by category

Here's a list of medications Anthem plans will cover with no cost-share for you under the ACA. Keep in mind that this list can change. Brand-name drugs are listed with a first capital letter. Non-brand drugs (generics) are in lowercase letters.

1 The range of preventive care services covered at no cost share when provided in network is designed to meet the requirements of federal and state law. The Department of Health and Human Services has defined the preventive services to be covered under federal law with no cost share as those services described in the U.S. Preventive Services Task Force A and B recommendations, the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC) and certain guidelines for infants, children, adolescents and women supported by the Health Resources and Services Administration (HRSA) Guidelines. You may have additional coverage under your insurance policy. To learn more about what your plan covers, see your *Certificate of Coverage* or call the Member Services number on your ID card.

2 Limited to two (2) bowel prep screenings per year.

3 You may be required to get preapproval for these services.

4 Full coverage for statins will be limited to members with cardiovascular risk factors but who have not experienced a cardiovascular disease event.

5 This benefit also applies to those younger than age 19.

6 A cost share may apply for other prescription contraceptives, based on your drug benefits.

7 Your cost share may be waived if your doctor decides that using the multisource brand is medically necessary.
